RE: Support for creating a sense of arrival and connecting the north LA Waterfront, cruise terminal, and IOWA to the harbor's center core

Dear Mr. Seroka,

I want to express my appreciation for your leadership in spearheading the LA Waterfront connectivity plan and providing the vision for a vibrant visitor friendly waterfront.

I was disappointed to learn that Battleship IOWA will not be moving to West Harbor, but I share that organization's concerns about the feasibility of the relocation project.

I have recently heard about an exciting vision in the works to bring new life to the north end of the LA Waterfront, including the property adjacent to the cruise terminal and Battleship IOWA. This vision advances the goal of connecting the entire waterfront, benefiting the community and driving economic growth.

I encourage the port to invest in the connectivity of this end of the waterfront and the property adjacent to the Battleship IOWA. The proposal put forth by the IOWA organization creates a strong first impression of San Pedro and the LA Waterfront for cruise ship passengers and visitors while maximizing economic activity for the area.

I appreciate your consideration of the Battleship IOWA team's proposal to create a sense of arrival and connect the north LA Waterfront, cruise terminal, and IOWA to the harbor's center core.

Sincerely,
