Thank you for your interest in BattleShip IOWA for your upcoming event

## **Battleship IOWA**

Battleship IOWA is a floating museum vessel located at Berth 87 in the Port of Los Angeles on the LA Waterfront. IOWA was designed as the lead ship of the world's last class of battleships. IOWA served her country in the 1940s through World War II, in the 1950s through the Korean War, in the 1980s through the Cold War, and since 2012 has become a museum to educate and inspire all generations.

Known as the "Battleship of Presidents," she has received Franklin Delano Roosevelt, George H.W. Bush, Ronald Reagan, and Joseph Biden. Battleship IOWA is an iconic monument to American ingenuity and engineering innovation, and a unique venue location to host special events. Our crew welcomes you to celebrate distinctly.

Standard event venue rentals are for a 4-hour event usage with a 2-hour set up and a 2-hour strike time frame. We also offer 2-hour event usage with a 1-hour set up and a 1-hour strike. Extended time frames can be considered.

## **Food and Beverage**

We are pleased to partner with a variety of curated caterers that are familiar with the particulars and sensitivities of maintaining Battleship IOWA museum assets. In helping to preserve the historic nature of the ship, please note that all food services must be contracted from a vendor listed on the curated caterer's sheet. Outside food will not be permitted on board without prior management approval. We feel confident that each of the caterers can meet your dining expectations.
